THE HANG SENG UNIVERSITY OF HONG KONG

PPE

MESSAGE FROM PROGRAMME DIRECTOR

Education is the last and most important bastion of protecting human civilisation and universal values. The ultimate goals of the PPE programme at the HSUHK are to equip students with the critical thinking of philosophers, the governance strategies of politicians and the analytical skills of economists, and transform students into public intellectuals with an independent spirit and free thinking who devote themselves to enhancing the humankind's well-being. This is also our humble contribution to the beloved Hong Kong.

Different from the Pillar Model of Oxford University's PPE, the Bridge Model adopted by our PPE programme focuses more on the cross-domain perspectives and interactive influences of the three disciplines of philosophy, politics and economics. We believe that every issue that truly affects human society always includes political considerations of power division, economic calculations of resource allocation, and philosophical thinking about morals and ethics.

Dear students, when you feel helpless in the face of difficulties in real life, grab a book and study! You will find lots of comrades in our PPE programme!

Dr WONG Muk Yan
Associate Professor
Department of Social Science

課程總監的話

教育是守護人類文明與普世價值最後和最重要的堡壘。培育學生兼具哲學家的批判思維、政治家的治國策略以及經濟學家的分析能力，讓學生以身為擁有獨立精神與自由思想的公共知識份子為榮，並以實現人類共同福祉為其生命的方向，是我們開辦PPE課程的初衷，亦是我們能為這城市作出的卑微的貢獻。

有別於牛津大學PPE課程的「支柱模式」，恒大PPE採用的「橋樑模式」更著重哲學、政治與經濟三個學科的跨領域角度與交互影響。我們相信，每一個真正影響人類社會的問題，背後都必然包含權力劃分的政治考量、資源分配的經濟計算、以及道德倫理的哲學思考。

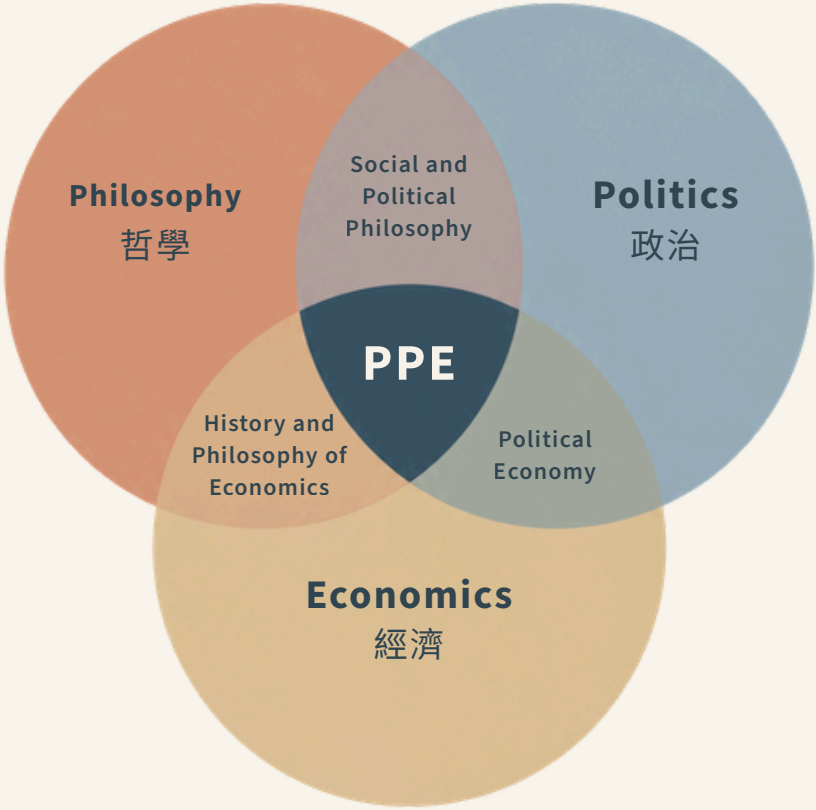

懷疑人生就去讀書，同學們，當你面對現實生活中的難關感到困頓無助時，去學習吧！你將在我們的課程中找到一班志同道合的朋友！

社會科學系副教授

PROGRAMME FEATURES
課程特色

The Hang Seng University of Hong Kong (HSUHK) BSocSc-PPE adopts a **"Bridge Model"** that emphasises the interconnection among philosophy, politics and economics. While training in philosophy nurtures students with critical and analytical reasoning and a humanistic concern for social and economic problems, training in politics and economics provides them with an important conceptual and up-to-date awareness that helps them understand and evaluate what happens around the world. Based on these foundational concepts and knowledge, students will acquire comprehensive and flexible visions by taking a number of interdisciplinary modules that address how a public problem can be understood, analysed and solved from these three perspectives. We believe that the bridge model can equip students with open-mindedness and a comprehensive vision for better coping with the ever-changing 21st century.

香港恒生大學 (恒大) BSocSc-PPE 採用的**「橋樑模式」**，強調哲學、政治與經濟三個學科的聯繫。哲學訓練培養同學的批評思維，以及對社會議題的人文關懷；政治及經濟學訓練則加深同學對理論概念與時事發展的認識，藉以了解和分析世界大事，並學習制訂社會政策。在此概念與知識的基礎上，同學將修讀一系列的跨學科科目，學習同時運用哲學、政治與經濟的觀點理解與分析公共問題，並提出解決方案，藉以建立更全面和靈活的視野。我們相信「橋樑」教學模式能更有效開闊同學的思維與眼界，協助他們裝備自己應對瞬息萬變的廿一世紀。

EXPERIENTIAL LEARNING
體驗式學習

01 Service-learning 服務學習

PPE encourages students to connect academic enquiry with community engagement, deepening their understanding of social issues and exploring ways to address community needs. Through service-learning activities such as visits to subdivided flats and an accessible café, **PPE2001 Social and Political Philosophy** links classroom learning to housing justice and social inclusion, helping students recognise their capacity to make a meaningful contribution to society.

PPE 鼓勵學生將學術探究與社區參與相結合，加深對社會議題的理解，並探索回應社區需要的方法。**PPE2001 社會政治哲學** 透過劏房探訪、無障礙茶座交流等服務學習活動，將課堂所學與住屋公義及社會共融議題連繫起來，讓學生認識到自己亦有能力為社會帶來有意義的改變。

“Beyond the classroom, a more human perspective.”
「走出課堂，看見生活，學會同理。」

In a subdivided flat of just over a hundred square feet, a living room, bedroom, tiny kitchen and bathroom share the space. Yet cooking means enduring unpleasant smells from the toilet nearby. PPE2001 took us beyond the classroom, revealing society’s complexity and helping us see people’s lives with greater empathy.

百多呎的劏房裡，或許有個客廳、臥室、小小廚房和衛生間，但當你正在煮食時，卻得忍受旁邊廁所傳來的難聞氣味。PPE2001 讓我們走出課堂，親身感受社會的多樣與複雜，學會以更具同理心的角度看待不同人的生活。

Deaf Cafeteria 聰鳴茶座

“Empowerment means accessibility, not just sympathy.”
「真正的賦權，是消除障礙，而不只是同情。」

During our PPE2001 visit to a deaf-inclusive teahouse, learning sign language and interacting with deaf and hard-of-hearing baristas brought social equality to life. I realised that empowerment requires accessible environments. This experience connected classroom theory with genuine human interaction.

透過 PPE2001 探訪聾健共融茶座，我們學習手語，並與聽障咖啡師交流，讓社會平等從課本上的概念化為親身體驗。我體會到，賦權需要無障礙的環境，而這次經歷亦將課堂理論與真摯的人際交流連繫起來。

02 Study Tour 海外交流

Justice, civic participation, sustainability — what do these classroom concepts look like outside the lecture hall? PPE study tours let students see for themselves. Across two visits to Taiwan, students exchanged ideas with scholars at National Taiwan University and Academia Sinica, stepped into the studio of influencer "Shasha 77", examined sustainability at the Beitou Refuse Incineration Plant, and felt the weight of justice at the AMA Museum. They returned with more than photos — they came home with questions no textbook could give them. And Taiwan is only the beginning.

公義、公民參與、可持續發展——這些課堂上的詞語，走出課室後會變成怎樣？PPE考察團就是要讓同學親眼看見答案。兩度走訪台灣，同學在國立臺灣大學及中央研究院與學者交流、走進網絡創作者「志祺七七」的工作室；在北投垃圾焚化廠思考永續，在阿嬤家和平與女性人權館感受公義的重量。同學帶回來的，不只是照片，而是教科書無法給予的疑問。台灣只是起點，未來考察團將走向更多城市。

03 Simulation 模擬國際會議

The PPE programme believes the deepest learning comes from first-hand experience, and simulation is one example of that approach. In PPE3004 Global Politics, students are not observers but stakeholders at the negotiating table: they have negotiated emission targets at a climate summit, invoked UNCLOS to address the South China Sea dispute, and most recently joined a simulated 2025 G7 Summit on global security and energy transition. Along the way, they apply theory to the real world, learn to negotiate between standing firm and yielding, and discover that international disputes have no model answer. Whatever the outcome of the talks, it is the experience of making one's case that stays with students long after.

PPE課程相信，最深刻的學習來自親身經歷，模擬會議便是體驗式學習的一例。在PPE3004全球政治課上，同學不再是旁觀者，而是談判桌上的持份者：曾在模擬氣候峰會上商討減排目標，曾引用《聯合國海洋法公約》處理南海爭端，最近更走進「2025年G7高峰會」，商議全球安全、能源轉型等議題。實戰之中，同學把課堂理論應用於真實世界，在堅持與妥協之間學會談判、決策與合作，更體會到國際爭議並無標準答案。無論談判結果如何，這段據理力爭的經歷，正是這一課最難忘的地方。

04 Internship 實習

PPE students are encouraged to participate in internship programmes to apply the knowledge they have acquired from the PPE programme in real workplace settings. Students have the option to apply for internships offered by the Department of Social Science or the University, or seek opportunities independently. Internship opportunities span various sectors, including government, public affairs, NGOs, think tanks and business. Previous host organisations have included the HKSAR Government, Save the Children Hong Kong, Liber Research Community and iYouth Council, among others.

PPE 鼓勵學生參與實習計劃，將課程所學應用於實際工作環境。學生可申請由社會科學系或大學提供的實習機會，亦可自行尋找實習崗位。實習機會涵蓋政府、公共事務、非政府組織、智庫及商業等不同範疇。過往接收學生實習的機構包括香港特別行政區政府、香港救助兒童會、本土研究社及 iYouth Council 等。

STUDENT ACTIVITIES 學生活動

01 Lyceum 論恒

We organise Lyceum regularly, inviting insightful individuals from society to share their observations on public affairs and engage in thought-provoking discussions with students. Past speakers have included scholars, NGO leaders, and journalists, covering topics ranging from social inequality to Zhuangzi's reflections on freedom, from housing distribution justice in Hong Kong to the human rights crisis of climate change.

我們每年均會舉辦論恒講座，邀請社會上有想法的人，來與師生分享他們對公共事務的觀察，以思想介入社會議題。過往，我們曾邀請多位學者、非政府組織負責人、記者前來主講，題目遍及社會不平等到莊子對自由的思考，由香港的房屋分配公義到氣候變遷的人權危機。

GRADUATE PATHWAYS 畢業出路

01 Further Studies 深造

The interdisciplinary foundation of PPE prepares students for further study in philosophy, politics, economics, and related fields. Through training in critical analysis, research and reasoned argument, students develop the intellectual skills needed for postgraduate study and further exploration of complex social issues.

PPE 的跨學科訓練為學生在哲學、政治學、經濟學及相關領域繼續深造奠定基礎。課程着重培養批判分析、研究及論證能力，讓學生為研究生階段的學習作好準備，進一步探究複雜的社會議題。

Graduate Voices 畢業生心聲

"Learning from communities, putting ideas into practice."
「向社群學習，將想法實踐。」

My PPE final-year project inspired me to learn directly from communities. That's why I chose a practice-oriented Master's at Utrecht University. For me, further study isn't just about learning more—it's about finding ways to make a difference.

PPE 畢業專題啟發我直接向社群學習，所以我選擇了烏特勒支大學着重實踐的碩士課程。對我來說，深造不只是繼續讀書，更是實踐想法，探索如何帶來改變。
